

Date:

Client Name:

Device/Product Name:

ISO 18562:2017 Part 2 (PM2.5/PM10 Particulate), Part 3 (Volatile Organic Compounds)

Intended Patient Use: Adult Pediatric Infant Neonatal

Product Duration of Use: 24 hour >24 hours Other:

Product Required Flow Rate (LPM):

Gas Pathway Temperature: 21-25°C 37°C Other:

ISO 18562:2017 Part 4 – Extractables/Leachables

Test Duration: 24 hours 72 hours Other:

E/L Temperature: 37° C 50° C Other:

Extraction Solvents: Polar-DI Water Non-Polar Hexane Others:

Other Solvents (Describe):

Product Surface Area:

Product Materials of Construction (Describe):

Additional Information:
